MULTI-USE CORRIDORS OF REGIONAL ECONOMIC SIGNIFICANCE

Next Steps

Suncoast Corridor

December 17, 2019

- Public comment
 - Consider alternative approaches to timing of public comment portion of future meetings

- Data
 - Gather additional information requested by Task Force not available today, such as:
 - broadband coverage
 - water/sewer needs
 - optimal boundaries for existing public lands
 - Provide information on opportunities for transit, rail, trails, other non-highway modes
 - include planning studies for restoring passenger rail service
 - Provide information on emergency evacuation/response plans
 - include how communities could fund emergency services related to the corridor

- Data (continued)
 - Provide information on potential funding sources/partnerships for transportation, broadband, water/sewer, utility, workforce, related investments
 - include what is permissible under M-CORES statute as well as other partnerships/funding sources
 - Provide information on community visions/comprehensive plans/future land use maps
 - include process for supporting changes to these plans to address opportunities/needs related to a corridor (e.g., DEO community planning technical assistance grants)

- Corridor concepts
 - Explore additional approaches for multi-use/co-location, including ability to vary by community context
 - Explore feasibility for innovative approaches to toll collection and implications for existing roads
 - Discuss how interchange location/management decisions are made
 - Clarify how planning process works for utilities/service providers and how decisions can be aligned
- Planning/project development process
 - Show how planning for economic development, conservation, land use, etc. fits into this process; opportunities to link decisions

- High level needs
 - Develop draft needs language based on today's discussion for review at February meeting
 - Provide additional information on how corridor investments can support economic development
 - lessons learned from prior corridor plans
 - comparative impacts of new corridors and improvements to existing corridors
 - impact of interchange management, service plaza locations, etc.

- Guiding principles
 - Expand/refine initial draft of guiding principles for further discussion at February meeting
- Corridor opportunity areas
 - Share potential corridor opportunity areas consistent with guiding principles at future meetings

- Meeting materials posted online today
- Meeting summary to be distributed in next 2 weeks
- Please complete meeting evaluation form before you leave today
