

DUSTIN JURMAN

CEO, Rapid Systems Corporation

Dustin is the CEO of an internet service provider and network integrator since 1996. He is passionate about delivering broadband and IP solutions to businesses and government entities throughout the state of Florida. Dustin was the architect that designed the Hardee County broadband network providing rural broadband in RASEC Central Florida. He has also been recognized for mesh network design award from Rajant Networks for mining and automation networks in 2018. Dustin works with multiple manufactures including Rajant, Othogon Systems, Motorola and many others on the integration and development of IP, fiber, video and wireless broadband technologies into a variety of networks.

JACK BURGE

Program Manager for Community Development, CenturyLink

A graduate of the University of Missouri at Columbia with a B.S. and M.S. in Public Administration, Jack Burge has more than 30 years' experience in the telecommunications industry. In 2004, Jack began working for CenturyLink in Apopka, where he eventually became a project manager specializing in public and private partnerships as well as government grants for broadband expansion. In his current role, Jack coordinates projects and programs across multiple business groups including city, county, and state broadband grants and broadband expansion projects.

CHARLIE DUDLEY

Managing Partner, Floridian Partners, LLC

Charles F. Dudley is the managing partner of Floridian Partners LLC, a corporate and public affairs consulting firm with offices in Tallahassee and Miami. Charlie is also an attorney specializing in all aspects of communications and administrative law in Tallahassee, Florida. Charlie serves as the general counsel and chief lobbyist to the Florida Internet and Television Association (FIT) and as such, he is in regular contact with the largest communications and information providers regarding legislative, regulatory, tax and other aspects of law. Charlie provides daily counsel and recommends policy action regarding the interaction between communications providers and state and local governments. Charlie is an honors graduate of Florida State College of Law.

RANDY WILLIAMS

Senior Account Manager, Nokia

Randy is a seasoned communications professional with more than 30 years' experience in the telecommunications markets. He has worked with Tier 1, Tier 2, and Tier 2 wireline and wireless; energy; utilities; service providers; transportation; and federal, state, and local governments. Additionally, he has extensive experience with wireless, mobile backhaul, and broadband and optical solutions.

TERRY BRIGMAN

Former CIO and Director of Information Technology for the City of Lakeland (Retired)

In his role at the City of Lakeland, Terry provided IT development and support for all city business functions, included electric and water utilities, police, fire, public works, community development, parks and recreation, communications, the Lakeland International Airport, and more. He was responsible for all of the city's IT functions, including program management and change management, telecommunications and radio communications, as well as asset, vendor, and financial management for all IT functions and security administration. Previously, Terry was the Director of I/S Services for Publix Supermarkets for 28 years. He currently serves as the Chair of the Operating Board for Polk County, the Board Chair for the Publix Employees Federal Credit Union, and on the Board of Directors and Quality Enhancement Committee of the Early Learning Coalition of Polk County.

BRAD SWANSON

President and CEO, Florida Internet & Television Association

Brad Swanson is president and CEO of Florida Internet & Television Association, which leads industry efforts before Florida's legislature and regulatory bodies. Florida Internet & Television represents providers across Florida, such as Atlantic Broadband, Charter Communications, Cox Communications, Comcast and Mediacom. Brad joined the association in July 2016 and rebranded the association from its former identity as Florida Cable Telecommunications Association to reflect the high-tech and content-rich industry of today. Previously, Brad served in Governor Scott's administration as the Executive Director of the Florida Transportation Commission and as the Florida Department of Transportation's Freight, Logistics, and Passenger Operations Administrator. Prior to that position, Brad was part of the government affairs team with the Florida Chamber of Commerce.
